

## COMMERCIAL MAINTENANCE SOLUTIONS GROUP, LLC.

### How can the CMS Group help keep your facility and staff safe?

- Deep cleaning
- Heavy duty surface cleaning
- Carpet cleaning/disinfecting
- HVAC vent/air return covers (dusted and cleaned)
- Electrostatic spraying

### Special attention to high frequency touch areas include but not limited to:

- Light switches
- Handrails
- Elevator Buttons
- Door handles and entryway doors
- Restroom faucets and dispensers
- Phones, keyboards and mouse devices
- Kitchen counters, faucets and appliances

### What are the benefits of Electrostatic Spraying?

- Reduces the time it takes to cover and disinfect all surfaces and hard-to-reach places by 50% compared to conventional methods.
- Improves infection control and the spread of viruses such as influenza, MRSA, HIV, COVID-19, and many others.
- Safe for sensitive surfaces including equipment and electronics.
- The sprayer emits positively charged particles that “wrap around” surfaces in your facility which are negatively charged.
